- **Spoken Tutorial – IIT Bombay**

Software training through the Spoken Tutorials AV (Audio Video) is an instructional method that includes software like Linux, LaTeX, Scilab, PHP & MySQL, Python, Java, C/C++, Open FOAM, Blender, K-Turtle which we can select one or more as per our wish.

The training is via self-learning so one does not need to leave the campus it is offered totally FREE of COST, as it is funded by the Govt. of India.

In the beginning, IIT BOMBAY will guide and support the learners, once familiar with the method, all can learn with interaction over Skype with the learners and organizer.
